Inte n lation n r / Ver ata na

With refer n to th above I have th honour to st t that x the scarcity of drinking water h s been very seriously felt and various schemes such as boring wells in the Vanva river - tank in Kudineerukatte tank bed below Kudineerukatte tank (ser in Kalahalli and here feeding Kudineerukatte from Arkavathi ver t ou tof The Water Supply Executive Engineer inspected the to n and gave an estimate of 2000/- and odd for investigating the yield of wat r in the b d of and below Kudineerukatte and feeding the said tank fro r'avathi (Closenet river) This estimate for sinking in stigation was considered too costly for this Municipality and was stopped

The Deputy Commissioner Mr de la ar suggested that the Municipality may investigate the yield of at in various places in the to n by means of ll boring m chine th Director of Industries a a ressed in the att nd a well boring machine is got - first ore hole as in the tank bed It is sunk about 70 feet and th e was a out 62 feet of a r Power pump could not exhaust the ell even after 1 nt hours work and the yield of ater as 60 gallons each in - minutes elo 70 feet, it as hard oc'y bed and this boring machine could not easily bore b lo n machine as - ifted t elo e tank bed the r sult as almost similar

The Industrial n irsee a ed to o ee r to for i col ect - estimate of ater not, i t t xxxxx bore holes o o t i co n nsati o n bout 60 issioner for the Industrial an l ar a l - a l n a sol / a to o nt a ing ter sinking it an a ounce of 1 000/- as ir d o t t ill t o bor ol s in uncil it ra o y 1 00/- and odd and t ay n y sug ion e ir ti - tion a rot i nin th ion of th uncipality and so in th r of ne ici as rt it out o l t i t tur t er th on atti ns i ll stopped

Unless o or ro co to t ir it, o'ly as is ce l ouvic i ur s it ill o no i t i o l it o co l y s

The municipality have spent so far about Rs 6/- and if the Government kindly sanction a like amount and if bore holes are in Pendamodu and another on the river bank (both the places have been inspected by the Industrial Engineer) some definite scheme can be formed
